## PROJECT BACKGROUND

Clackamas County adopted a Wildfire Protection Plan in 2005. Based on the goals of this effort, North Clackamas Parks and Recreation District and Clackamas County Parks are developing a wildfire management plan for parks. This plan will help reduce the risk of wildfire damage to parks, natural areas and adjacent properties. It will also help land managers improve park ecosystems by making them more ecologically resilient, fire resistant, and where appropriate, fire adapted.
