GET IN THE PIONEER SPIRIT AND WELCOME YOUR NEW PARK SEPT. 26

Clackamas County, OR – It's time to welcome North Clackamas Parks and Recreation District's newest addition – Pioneer Park! The community is invited to the grand opening at 4 p.m. Sept. 26 at the park, located near the intersection of Southeast 152nd Drive and Southeast Pioneer Drive in Clackamas.

This 2-acre neighborhood park includes a playground with climbing boulders, logs and swings, a basketball court, picnic shelter and tables, a perimeter trail and open play areas. The park was built by Icon, the developers of the adjacent new Hidden Falls neighborhood. North Clackamas Parks and Recreation District will maintain the park.

At the park's opening celebration, there will be a ribbon cutting, pioneer-themed games and crafts and refreshments. Please invite your friends and neighbors to celebrate this new community gem!

Pioneer Park is the last of the six Sunnyside Village parks that were identified through the Sunnyside Village Plan, adopted within the Clackamas County Comprehensive Plan in 1993. The plan required the purchase and development of these parks by NCPRD. Funding of these parks was provided by a special park acquisition fee paid by developers in the community. The other five parks are; Pfiefer, Village Green Park, Sieben, Summerfield and Ashley Meadows.
